

FCC,As per the NAB's petition 04-160:
This is an outrage. I respectfully ask you to reject NAB's petition 04-160. The variety and quality of XM radio is not available anywhere else. I Travel much with my job and without XM's current programming, I have no other reliable source of programming. I pay for these services so it should not be up to NAB to dictate what I am permitted to hear.

Respectfully - JD Rauls
